Mr. Ballard is in every respect worthy of the honor. His business capacity and success in life, his integrity and high standing make him a most eligible candidate for public favor.

### Frozen to Death.

The man found frozen to death last Tuesday, near Millon, and whose name was not obtainable in time to add to our notice last week, proved to be Hiram Kelly, 19-year-old son of Nathan Kelley. At inquest held before Squire Young it developed that the unfortunate was too drunk on court day booze to fight off the fatal sleep that follows bitter cold, and death laid him in a shroud of spotless snow with none to succor or to save.

### Falling Brick Causes a Big Noise.

The brick coping on the front of the Tom Smith building on Main street, occupied by McClintock's harness shop, fell with a tremendous crash last Thursday morning. The ton of brick and mortar fell to the sidewalk along which several persons had just passed, and there were two narrow escapes, but no injuries. The freeze caused the trouble, it is thought. There is a fire wall near by which looks threatening now and this is printed as a kindly if gratuitous admonition to the owners to have it speedily examined.

### A Lawful Sabbath.

The Reporter has always contended that most of the saloon men preferred to close their places on Sunday, and would do so if assured that every place in town would close. Sunday the closing ordinance was observed again, and we heard of no jags on the town. The best class of saloon-keepers owe it to themselves and to the community to assist in the absolute observance of the law. If there are infractions, business sense demands that they call the attention of the police to it. Keep the law and see that others keep it.

### Producers, women and editors are not the only people interested in having a moral and law-abiding community.

—Paris Reporter.

### Alleged Wife Poisoning.

Red Lick, beyond Kingston, is in the throes of excitement over a case of alleged wife poisoning. The victim, Mrs. James Hurley, died last week after a short illness, and her rather hurried burial aroused the suspicion of her friends, who preferred charges against the husband, Dr. James Hurley, who was arrested and tried before Squire Sandlin. The dead woman's corpse was exhumed and the stomach sent to Louisville for examination to locate poison, if such was the cause of her death.

### Dr. Hurley came from Clay county five years ago and later was indicted by the Madison Circuit Court for practicing medicine without license.

### Superb Portraits Prepared Here.

I wish to say to the citizens of Richmond that we have a reputation in Central Kentucky that no other artist has for making free hand crayons and fine pastel portraits. We have already done sufficient work here to convince the most skeptical that there is no higher class work done anywhere. Now, our work is done right here in our own town. We do your work under your own supervision and if not satisfactory when completed it don't cost you a cent. Now, if you wish our work you will have to call early as we will not carry over our rush of work to over that we now have on hand.

### J. H. WATTERS.

Now faces can be seen at Moberley's show windows at all times.

### Assignment of L. P. Todd.

On Friday Mr. Lewis P. Todd, the dry goods merchant, assigned to Cashier Greenleaf, of the Richmond National Bank, all liabilities and assets unknown. The largest creditor, the Hiltner Dry Goods Co. of Cincinnati, threatened to bring suit, whereupon Mr. Todd determined to take the step above indicated to protect all his creditors alike. The stock is now being inventoried and will be shortly sold at auction.

### The assignment has caused many expressions of sympathy for Mr. Todd, who is conceded to be one of the most straightforward, industrious and deserving merchants in our city.

### In the language of Mr. H. B. Dillingham, who learned with deep regret of the assignment, "I have known Lewis Todd for years and he is an honorable and worthy gentleman."

His wife was formerly Miss Myrles French, the daughter of Mr. and Mrs. J. P. French. Mr. Todd's entire plant was not known.

### Judge Scott Declares Local Option Law Invalid.

The Nicholasville Democrat prints the important contribution to local option literature. Judge Scott's decision is not criticized, for our learned and impartial Judge is sustained by the law and facts. The Democrat says: "Local Option Law Declared Invalid. On Monday afternoon Judge Scott rendered a decision that it is of vital interest to every man, woman and child in the county. In the case against J. N. Abraham for selling whisky in a local option precinct it was decided that the local option law in civil district No. 5 is invalid in all precincts and all districts. Whisky can now be sold in any precinct in the county just as it was before the act of 1874. A little rant of courtesy to law has rendered invalid the wishes and decision of the people in every precinct in the county save one."

### Why is it that one man is old and decrepit at 45, and another hale and hearty at 80? It depends on the care he takes of himself. If keeps on working with his liver inactive and his blood impure—he keeps his nerves and his body under a constant nervous strain. He will not be hearty when he is old. The "Golden Medical Discovery" cures nearly all ailments arising from the liver, kidneys, digestion and consequent impure blood. The "Discovery" makes the appetite good, the digestion strong, assimilation easy, and the blood rich and pure.
